Re: Addition of Ms Faizah Alshehri' s name in our published work in ALS titled "DNA methylation profile of multiple genes involved in bladder cancer among Saudi population – A pilot study"

Dear Prof. Dr. Idrees Ahmad Nasir,

I am writing to you to add the name of Ms Faizah Alshehri in our published work in ALS as mentioned in the subject line. This work was done long time back in 2014-15 and during submission to ALS, I forgot to add her name as co-author. She has done considerable work in this project. This was an honest mistake and I apologise for all the inconvenience caused. I and all co-authors confirm and agree to add her name as co-author in this published work. This letter is accompanied by signed signatures/ email confirmation by all authors including the one added.

Thank you once again,

Dr Ahmed Yaqinuddin MBBS PhD FRCP
